## A FIRE ON 13TH STREET

**ED DOWD LOSES FURNITURE—  
HOUSE DAMAGED BUT SAVED  
FROM DESTRUCTION BY  
QUICK WORK OF FIRE  
BOYS.**

About 5 o'clock Thursday afternoon  
fire almost destroyed the residence  
on 13th street belonging to Ab  
White and occupied by Ed Dowd.  
Practically everything in the house  
was ruined either by fire or water.  
The fire started from the explosion  
of an oil stove. It spread so rapidly  
that there was little time to  
save anything. It happened that the  
fire team was out exercising at the  
time, and the wagon was about the  
postoffice when the smoke first ap-  
peared. Without waiting for the  
alarm the boys dashed to the place  
and were throwing water on the  
flames within a very few minutes af-  
ter it started, and by heroic work  
managed to save the house from total  
destruction.

Oze Littlefield scorched his hands  
pulling out a burning trunk, but as  
the trunk contained a considerable  
sum of money, it was a most impor-  
tant item.

It is said that Mr. Dowd had \$300  
insurance on his furniture. It is not  
known how much there was on the  
house.

### NOTICE, MASONS!

Owing to a conflict with the regu-  
lar meeting of the Eastern Star, the  
call meeting of the A. F. & A. M.  
lodge has been postponed from Thurs-  
day until Friday evening.

### WILL INVESTIGATE

### REFORM SCHOOL

Oklahoma City, Sept. 13.—On re-  
ceipt of a letter from Governor  
Cruce today concerning conditions at  
the boys' training school at Pauls  
Valley, State Superintendent R. H.  
Wilson began an investigation which  
will probably result in some changes  
in the process of committing children  
to that institution. The governor has  
recently received information of al-  
leged conditions obtaining there and  
concluded that if such were true  
some radical changes were necessary,  
if that institution is to be maintained  
any longer.

With the coming of winter, if the  
facilities for housing boys there are  
as has been claimed, it would be  
nothing short of inhuman to confine  
boys there, is the governor's state-  
ment, and things must be changed  
immediately. No reflection is made  
on the superintendent of the insti-  
tution, as it is believed he is doing  
the best he can with the means at  
hand. Some months ago Dr. J. C.  
Mahr, state commission if health,  
submitted a report on the institution  
in which he advised that if conditions  
there could not be improved it would  
be well to abolish the institution al-  
together.

### Orphan Children Are There?

According to State Superintendent  
Wilson, if there are any orphan chil-  
dren in the institution, as has been  
said since the governor talked to the  
two Christianson boys, the judges of  
probate courts are responsible for  
that. This matter will be thorough-  
ly investigated and if any orphan  
children are found they will be taken  
out and put in the proper place.

State Superintendent Wilson is  
firmly of the belief that institutions  
of this kind, or the eleemosynary in-  
stitution of the state, should be taken  
out of their present control and  
placed in the hands of a special com-  
mission, that is, to relieve the board  
of education from looking after them.

### MEXICAN REBELS

### CAPTURE A TOWN

Marfa, Texas, Sept. 12.—The town  
of Ojinaga, across the Rio Grande  
from Presidio, Texas, was captured  
last night by rebel troops. The story  
of the final stand of the hundred fed-  
eral defenders left by Gen. Sanchez  
when he crossed to the Texas side  
was told by United States army of-  
ficers and Mexican secret service  
men who returned here from Presidio

this afternoon. They had watched  
the battle with field glasses from the  
Texas side of the river.

The casualties are placed at three  
federals killed and seven wounded.  
The rebels lost ten killed and a great  
number wounded.

Among those killed on the federal  
side was Pancho Sanchez, a nephew  
of Gen. Jose de la Cruz Sanchez.

A well-posted secret agent of the  
Mexican government who returned  
from Presidio tonight says Gen. Pas-  
cual Orozco is tonight camping in  
Ojinaga and that he has 1,200 sol-  
diers within striking distance of the  
place.

It is believed here that the fall of  
Ojinaga is but the beginning of the  
trouble in northern Chihuahua, with  
Ojinaga as the base of operations.

### Gen. Kirk Becomes an Editor.

Oklahoma City, Okla., Sept. 12.—  
Gen. Brant Kirk, formerly of Okla-  
homa City, has become editor of the  
Altus Democrat. Gen. Kirk made the  
race for United States senator in  
the first state election and for gov-  
ernor two years ago, both in the  
democratic primaries. He is promi-  
nent in the organization of Sons of  
Confederate Veterans.

disingenuous quibbling of the third-term candidate in the discussion of this important issue of the campaign. He has left nothing to inference but has clearly and honestly stated his position. The American people who have so long been the victims of republican repudiations of platform pledges regarding the revision of the tariff, will find Governor Wilson's frank and clean cut statement refreshing and inspiring. His speech of acceptance holds out the prospect for the first time in many years that the tariff will be actually revised downward and revised with reference to the good of all the people rather than for the special interests which heretofore have been able to prevent the republican party complying with its solemn platform pledges.

## Ready to Begin Reaper Quiz.

Chicago, Ill., Sept. 13.—The government will begin the taking of evidence in this city next Monday against the International Harvester Company, which is charged in a dissolution suit filed last May in St. Paul with violating the Sherman anti-trust act. Robert S. Taylor of Duluth has been appointed special master to take evidence. The testimony obtained by him will be reviewed by Judge Sanborn of the United States circuit court of appeals.

The government charges in its suit that the International Harvester Company controls between 85 and 90 per cent of all the harvester machine business of the country, 75 per cent of the mower business, 50 per cent of the bindery twine business, and 30 per cent of the sales of all lines of farming implements.

The government further alleges that the company not only has a virtual monopoly in the manufacture of all lines of agricultural implements, but that the agencies for distribution, the retail implement dealers and others are rapidly coming under the company's undisputed control. The government expects to show that unless this control is prevented and restrained the International Harvester Company will have complete unchallenged dominion of every branch of trade and commerce in agricultural implements of all kinds.

## MR. KENNEDY MAKES REPORT

Ada, Okla., Sept. 13, 1912.

Since I have been employed in the demonstration work, I have traveled over 1100 miles by rail. Over 2500 by team, and have visited over 500 farmers in the interest of the demonstration work. Have written over 400 letters connected with intensive methods of crop cultivation, and have mailed to farmers in Pontotoc county about 350 farm bulletins on various farm crops, besides hundreds of mimeograph letters sent me by the state agents office, which I have remailed to farmers interested in the work.

I have at all times looked to the interest of the men with whom I work, and I shall not at any time overlook the importance of impressing the fact to farmers, the great importance of good seed selection, proper methods of cultivation, and the building up of the soil to the extent that abundant harvests may be produced, where heretofore, only minimum crops have been produced, and necessarily a small profit realized.

I have about 250 farmers in Pontotoc county in the demonstration work. About 45 are demonstrators and the others co-operators. I designate as many from the total number as I can conveniently visit each month as demonstrators, and while they are selected according to their qualifications as practical farmers, yet no discrimination is made between them and any others interested in better methods.

The list of demonstrators are as follows:

Sulphur got a Carnegie proposition from Uncle Sam. If she raises \$17,500 for sewer purposes, the government will spend \$35,000 in improving Platt National Park. But before Sulphur votes, the East Side will want to be sure that the West Side doesn't propose to have that sewer empty right into the East Side. In the meantime neither side will risk coming out from behind the breast-works to unite on the proposition.—Hickory Journal.

## Kaiser's Daughter Is 20.

Berlin, Sept. 13.—Princess Victoria Louise, the Kaiser's only daughter, celebrated her twentieth birthday anniversary today. The princess was born at the Marmoor palace, near Potsdam, on September 13, 1892, and was christened Victoria Louise Adelaide Charlotte. She has always been a great favorite with her father.

In view of the German custom of beehar marriage some surprise has been expressed both at home and abroad that the Princess Victoria Louise should attain the age of 20 and still be heart whole and fancy

free. Reports of her betrothal to this or that scion of European royalty have been circulated from time to time ever since the princess made her debut some three or four years ago, but each report has turned out to be nothing more than idle rumor. The most brilliant match which has been mentioned for her is Prince Karl, heir presumptive to the throne of Austria. The handsome ex-King

Manuel of Portugal was also mentioned as a suitor, but the loss of his throne put him out of the running. Prince Leopold of Battenberg, brother of the Queen of Spain, was also mentioned, but the one whom court circles in Berlin believe to have the best chance of becoming the Kaiser's son-in-law is the young Grand Duke Adolph Frederick of Mecklenburg-Strelitz.

## NO MORE MAIL ON SUNDAY

Postmaster Winn has been giving a very liberal construction to the new Sunday closing law and having all letter mail and daily papers put into the boxes Sunday morning. However, at the recent postmasters' convention inspectors present stated that they had no right to do this unless special authority is granted by the department. He has applied for this authority, but until he receives it, will be forced to adhere strictly to the letter of the law which shuts off mail except that in care of hotels and newsdealers. He has notified the Oklahoman of the situation and all who have heretofore received their Sunday papers through the postoffice can still procure it from T. O. Cullins at Ramsey's drug store.

On account of the great amount of mail matter accumulating over Sunday which must be worked Monday morning, the postmaster would prefer to continue as heretofore, but can do nothing more until he hears from the department.

### Tax Penalty Held Legal.

Guthrie, Okla., Sept. 11.—In the district court today Judge A. H. Huston held legal the 18 per cent penalty attached to delinquent taxes, involving \$6,000,000 in paying tax assessments here. Milton Brown, attorney for citizens attacking the penalty provision, will appeal to the state supreme court. Judge Huston also ruled that the one per cent assessed by the council for additional occurring expenses and being paid to the paving construction company is illegal and cannot be collected.

## BULL MOOSERS LOSE IN COLORADO

Denver, Colo., Sept. 12.—The official count of the vote in Tuesday's primary election may be necessary to determine several nominations for state offices. This was indicated tonight by unofficial returns received from 45 out of 62 counties in the state.

The republican vote in outside counties, notably Las Animas and Huerfano, reported today, cut down the lead held yesterday by progressive republican candidates and in several cases reversed their standing. The lead for the republican nomination for governor today switched from P. B. Stewart (progressive) to C. C. Parks (regular) with a margin of 187.

C. C. Dawson (regular) led M. D. Vincent (progressive) for the long-term senatorial nomination by approximately 5,000.

In the democratic race, former Gov. Alva Adams today conceded the nomination of Gov. John F. Shafroth for the United States senate (full term). E. M. Timmons, for governor, led T. J. Tynan by approximately 10,000, making his nomination practically certain.

## YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, invigorates, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature. BRADFORD REGULATOR CO., Atlanta, Ga.

### See Us Before You Buy Your Coal.

Remember that we only handle the highest grades of coal and pick from the best mines in a district. As the ice business draws to a close, and on account of warm and cool days we wish to keep our ice delivery good and therefore we will sell coal at about cost for a while so that we can keep our men busy. Remember our prices are never any higher for our high grades of coal than others charge for any kind of coal. We load our wagons with a fork which insures coal free from slack, we can use the slack in our boilers, and get some use of it, but for stoves it's worthless, so why not buy the best while it cost you no more and may cost you less. Our leader this year will be the same as we have handled for three years which is No. 6 Dewar. We will also have the highest grade of McAlester in stock. We run our own tests on coal, we don't take the other fellows word for it. All coal that comes to our boiler room is tested for heat units, we give our customers the benefit of this as well as the benefit of our long experience as coal users, we claim to know coal when we see it, in fact we are experts in this line, so please see us before placing your orders and avoid any chance in a disappointment in your winter coal. Yours truly, ADA ICE AND COLD STORAGE CO.

If it's a surface to be painted, enameled, stained, varnished or finished in any way, there's an Acme Quality Kind to fit the purpose.

## 5 Strong Reasons for Fall Painting

1. The wood is thoroughly dry.

*Summer's sun has removed all moisture.*

2. Paint penetrates deeper into dry wood.

*The deeper it goes the better it holds.*

3. Fall weather is warm, dry and dependable.

*Little danger of cold, damp, rainy days, which endanger the durability of the paint.*

4. Wet weather decays and destroys unprotected surfaces.

*Lack of paint means unsightly and less valuable property.*

5. Fall painting keeps out winter moisture.

*The greatest enemy to the life and beauty of all structures.*

### HAS NO FEAR OF DEATH CHAIR

Boston, Mass., Sept. 13.—Fortified by his absolute faith in the Christian Science doctrine of the unreality of pain and suffering, Bertram G. Spencer, convicted of the murder of Miss Martha B. Blackstone at Springfield, Mass., March 31, 1910, is fearlessly and almost cheerfully awaiting his death in the electric chair, which, under the terms of the sentence pronounced in July, is to take place during the week beginning September 15.

Bertram G. Spencer, now occupying the death cell in the Charlestown prison, where he is calmly awaiting the end, is in many respects one of the most remarkable criminals known to American criminology. Psychologists and alienists are intensely interested in his case and are inclined to consider Spencer one of the most perfect examples of dual personality.

Spencer is a comparatively young man. He was born about thirty-one years ago and comes from a good family, with a record which shows no apparent trace of a criminal taint.

He received a good common school education, in his boyhood never displayed any evil tendencies and never, so far as is known, associated with criminals of any kind. Having completed his school course, Spencer entered upon a commercial career and worked for various business concerns, making the impression of a faithful, honest and capable employee. His last position was with a wholesale provision house in Springfield, Mass., where he filled the position of shipping clerk, receiving a fair salary which enabled him to maintain his young wife and his two-year-old son, whom he idolized, in comfortable style. He lived on Porter avenue, West Springfield, had many social connections and was generally respected.

About four years ago Springfield and vicinity became the scene of a number of burglaries which created considerable sensation owing to the personality and unusual methods as well as the apparent fearlessness of the man who committed them. The burglar, according to the statements of his victims, seemed to be a man of education and, in a manner gentlemanly in his deportment. If his

victims accepted the situation with good grace and parted with their money and other valuables without protests, the burglar treated them with great consideration, chatting pleasantly with them, while he carefully selected his plunder. If they were unruly, he made short shift, by gagging them and tying them to bedposts, wardrobes, doors, etc. The "gentleman-burglar" never manifested fear of being discovered in his work by the police, but he was evidently determined not to take any risk of being caught. One man, who tried to escape to give an alarm, was shot down by the burglar before he had reached the door. No trace of the burglar was found by the police, although he committed twenty-four burglaries and hold-ups within a space of two years.

On the evening of March 31, 1910, a burglar entered the house of Mrs. Dow in Springfield through a window and, revolver in hand and his face hidden behind a black cloth, appeared at the door of a room where Mrs. Dow, her two daughters and their guest, Miss Martha B. Blackstone, were engaged in working over a picture puzzle. The women screamed when they saw the intruder and ran into the next room, but were halted by the command of the burglar. Miss Blackstone, disregarding the command, ran screaming toward the door, when the burglar shot her through the heart, killing her instantly. One of the daughters of Mrs. Dow, who also tried to escape, was severely wounded by another shot.

A ticket, containing the pictures of two women, which was found on the lawn of a house visited by the same burglar, was identified as the property of Spencer and he was arrested on suspicion. He made a full confession of his numerous burglaries and of having killed Miss Blackstone, after a great deal incriminating evidence had been found in his house. He was indicted for murder and pleaded insanity. The alienists appointed by the court reported Spencer insane and he was sent to the hospital for the criminal insane at Bridgewater, where he remained to the time of his trial, which began at Springfield November 13, 1911. Spencer created wild scenes during the trial and was convicted of murder in the first degree on November 25, 1911. Appeals proved without avail and on July 2, 1912, Judge John C. Crosby, of the superior court in Springfield, pronounced the death sentence. During his confinement in jail Spencer became interested in Christian Science and under the influence of its doctrines lost every trace of fear of death.

### ANOTHER MEETING OF THE WILSON CLUB.

Chairman Ligon has designated Monday evening at 8 o'clock as the time for the next meeting of the Wilson-Marshall club, said meeting to be held at the city hall. He says he will certainly be on hand this time and wants to meet all other loyal democrats at that time.

### ADA NATIONAL BANK MAKES GOOD SHOWING.

The statement of the Ada National bank indicates that that institution is still very much in the running when it comes to banking business. The deposits show a total of over \$75,000 and the loans over \$133,000, the latter item showing how well the bank has taken care of the needs of its customers during the hard times of the summer. The conservative management of this bank has always made it one of the strongest and safest in this section of Oklahoma.

### Anniversary of First Tin Mill.

Elwood, Ind., Sept. 13.—Hundreds of visitors, among them former Vice President Fairbanks, United States Senator Kern, Daniel G. Ried of New York and other men of wide prominence, came to Elwood today to take part in the celebration of Tin Plate day, the twentieth anniversary of the building here of the first tin mill in America. It was on September 13, 1892, that the first tin plate mill was formally opened here with an oration by William McKinley, at that time governor of Ohio. The mill opened with a small force of tin plate makers from Wales, from which country practically all of the tin used in the United States up to that time had been imported. The pioneer mill proved successful beyond the expectations of its promoters and the building of other mills here speedily followed. Within a few years thousands of workmen were employed in the new industry and Elwood had grown from a mere hamlet to a thriving city.

### SHE COULD NOT REMEMBER

Absent-Minded Woman's Peculiar Reason for Wanting to Be Rung Up on the 'Phone.

Absent-minded persons sorely try the patience of girls in the New Rochelle telephone office. Not long ago a woman confessed herself subject to extreme forgetfulness and requested the day operator on her exchange to ring her up every morning at 9 o'clock. A week later she said:

"Central, what was it I wanted you to call me for at 9 o'clock?"

"I don't know," said the girl, "You didn't tell me. You just asked me to call at 9 o'clock."

"Too bad," said the woman. "I know there was something I wanted to do every morning at 9 o'clock, but I can't for the life of me think what it was."

The 9 o'clock calls continued, however, and several days later the woman took central into her confidence again.

"I have found out why I wanted to be called," she said. "A friend had given me a canary and I wanted to make sure of remembering to feed it. The poor little thing is nearly starved. Hereafter when you ring won't you just say, 'Feed the bird,' and I'll go straight and do it!"

Central promised, and the neglected canary is now a plump and contented bird.—New York Times.

### Cantines Maternelles.

There are five dining-rooms in Paris where from fifty to eighty nursing mothers daily receive free meals. Cantines Maternelles these restaurants were called when they were started eight years ago by Mme. Henry Coulet of Paris. At first the only passport needed was the possession of a baby, but owing to the development of a confusing habit of borrowing babies so as to procure a meal, the rule was altered, and the provision of free meals is now dependent upon regular attendance at an adjoining baby clinic.

### HUSTON SAYS PAYING TAX PENALTY IS LEGAL.

Judge Huston of Guthrie has just handed down a decision of great importance to all towns having paving done and to the owners of the property upon which the bonds are levied. It is to the effect that the law adding an 18 per cent per annum penalty to delinquent installments is constitutional and must be paid. This is of no small moment to the paving tax payers of Ada since their next payment becomes delinquent September 15. If not paid the property is subject to sale as for other taxes.

A new bridge will be built this season on Blue, one mile east and one south of the Laxton school house, near Newt Trout's place. There were two locations in question for the bridge, but it was agreed to leave the location to disinterested parties, and their verdict was for the location selected. This bridge will give the farmers of that section a good road to both Roff and Fitzhugh.
